With a love for people of all races, creeds and colors, Kevin has set out on a lifelong journey of helping others. Beginning with his service in the Marines as a military policeman followed by a long career in corporate America's technology sector. Kevin has over 25 years in IT management and has become a driving force for equity in the field of Diversity and Inclusion.

Founding DiversityWorks 365, LLC (D365) has been the culmination of study, experience, research and inward soul searching. Kevin started D365 in response to years of navigating corporate structures and analyzing their unique and complex application of diversity and equity.

Partnering with Chief Diversity Officers from around the nation, Kevin and D365 are intent on changing the world through DEI training, implementation and continuous organizational improvement.

After more than a decade in Cleveland, Kevin ventured south to Texas in early 2005 and began working with EMC in their Consolidation and Virtualization Division. Here he was exposed to cutting edge technologies and learned very fast as a road warrior how to be agile and yet methodical in providing solutions that delivered on time and with a high level of quality.

Since then, Kevin has had the opportunity to lead several recognizable Service Desk teams through transformational change and has been instrumental in inspiring teamwork, growth and accountability for such organizations as HSBC (Chicago), Cedars-Sinai Hospital (Beverly Hills), Weight Watchers, Int. (Chicago), Sunoco (Houston), Office of General Counsel (Washington, DC) to name a few. Creating equitable and safe workplaces is Kevin's true passion, solving complex problems for thousands of people is his calling. Empowering teams to do maximize their potential provides Kevin enormous gratification.
